

## Australian Mining Conferences 2016

A quick easy to follow list of some of the main mining conferences being held in Australia that as an investor you should attend

The 2016 Surat basin Expo is renowned as Australian's most dynamic economic region's peak influential industry event. Combining infrastructure, energy transport, and mining industries. Toowoomba Showgrounds will come alive 15-16 June. The Surat Basin Expo for 2015 saw around 4,000 people come through the gates, in 2016 this event will now widened its focus to include transportation and infrastructure in and around the region. The building and infrastructure boom continues unabated across South Queensland and in particular in Toowoomba and the South West

and with it's ground breaking new international freight service direct to Asia and the world heralding the beginning of an exciting new phase of development.
