The 2013 Australian Copper Conference brings together Australia's leading players in the copper mining sector with an audience of industry experts eager to discover who the big winners will be in this valuable market sector going forward.

Listen to experts outlining the latest market developments and the impact these outcomes can have on the copper industry.

Come along and meet other investors, renew acquaintances and share your investment stories from the past 12 months.

Full catering will be provided for the day of your attendance.
