

Australian Mining Conferences 2017

WHY YOU SHOULD ATTEND MINING CONFERENCES.

Delivering **high quality, business-to-business trade exhibitions that translate into return on investment for our customers.**

REEDMININGEVENTS is owned and operated by Reed Exhibitions Australia, the world's leading organiser of trade and consumer exhibitions and serves as your portal to access Australia's mining industry.

Industry involvement

Our philosophy is to put on exhibitions which the industry sector wants or needs. We build strong relationships with key industry and regional organisations, working closely with them before, during and after the event to ensure it meets the need of the industry.

We are constantly striving to improve and fine-tune our exhibitions to ensure the best possible result for exhibitors, visitors, conference delegates and the mining and resources industry.
